## **ADDITIVE K ALKALI BOOSTER**

### **MATERIAL & FUNCTION**

ADDITIVE K is an alkaline water softener used in combination with ENZYME P for the cleaning of UO membranes. ADDITIVE K stabilizes the enzyme solution as well as supplying alkali to properly activate the protease enzyme contained in the ENZYME P.

### **DIRECTIONS FOR USE**

Use ADDITIVE K to modify the pH of cleaning to that recommended by the membrane filter manufacturer. Consult with your Klen Representative regarding exact application rates.

### **PACKAGING**

15 L and 200 L drums

### **IMPORTANT NOTICE TO CUSTOMER**

*Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product, which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.***
