AERO LIQUID SOAP

MATERIAL & FUNCTION

AERO LIQUID SOAP is made from the softest and purest materials available. It is enriched with conditioning agents to ensure maximum cleaning action without affecting the most sensitive skins.

AERO LIQUID SOAP has no added fragrance so that irritation to sensitive hands is reduced and contains a broad spectrum micro biocide to resist bacterial growth.

AERO LIQUID SOAP is much more convenient and hygienic than cakes of soap. Liquid soap does not leave behind the mess that can be made when using cakes of soap.

AERO LIQUID SOAP can be used not only in rest rooms, but is useful in and around the workplace.

APPEARANCE

Free flowing, pale yellow liquid

APPLICATION

The product can be applied using a pump action container.

PACKAGING

1, 5, 15 & 200 Litre containers.

IMPORTANT NOTICE TO CUSTOMER

*Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.***
