ALUSEAL

SEALER FINISH FOR ALUMINIUM BOATS

MATERIAL & FUNCTION

ALUSEAL is a specialty clear coating designed to coat aluminium hulled boats after cleaning with BRITE AL.

APPLICATION

ALUSEAL should be applied to a freshly cleaned and dried aluminium surface to ensure maximum adhesion and protection. Apply one coat of ALUSEAL with airless spray or brush and leave several hours before a second coat is applied. All equipment should be cleaned with Cyclone or Xylene after use.

PACK SIZES

4, 20 Litre container.

IMPORTANT NOTICE TO CUSTOMER

Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.**
