## ATLAS PHOS

### ACIDIC CHICKEN SCALDER ADDITIVE

#### MATERIAL & FUNCTION

ATLAS PHOS is a Phosphoric Acid - based liquid with a low-foaming, easy-rinsing biodegradable detergent.

ATLAS PHOS is formulated to handle high water hardness levels. It will quickly and effectively dissolve and emulsify soils, remove fats and protein from all surfaces, thus reducing the potential of bacterial growth. ATLAS PHOS contains a sequestering agent to control scale formation from hard water supply.

#### APPLICATION

**SCALDER ADDITIVE:** Dilute ATLAS PHOS at a rate of 1 to 2 mL per litre of water for soaking and scalding baths. Additional amounts will be required during processing to maintain a pH of approximately 4-5. Actual amounts will be determined by the chicken throughput rate and cleanliness of the bath. A temperature of 55 -70 °C should be maintained.

#### CAUTION

This product is acidic. Avoid contact with skin and eyes.

#### PACKAGING

15 Litre & 200 Litre containers.

#### IMPORTANT NOTICE TO CUSTOMER

*Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.***
