BIO FRESH

ENZYMATIC LIQUID LAUNDRY DETERGENT

MATERIAL & FUNCTION

BIO FRESH is a new innovation in high quality liquid laundry detergents

BIO FRESH, with it's built in enzymes will easily remove heavy stains from clothes and help reduce pilling that brightens and softens cotton garments.

BIO FRESH is environmentally friendly and does not contain phosphates

BIO FRESH

- * Can be used in both hot and cold water.
- * Is suitable for use with most fabrics except for wool or silk.
- * Incorporates specialty brightening agents to ensure premium results every time.
- * Pleasant fragrance will leave your clothes with a new smell of freshness.

APPEARANCE

BIO FRESH is a yellow slightly viscous liquid with a residual floral fragrance.

APPLICATION

BIO FRESH, although delicate on most types of fabric because of its high concentration, finds application in domestic laundries. Commercial laundries would be more suited to IDEAL. It is suitable for use in both hard and soft water areas and washing/laundering can be done with either hot or cold water, although best results are

always obtained with warm to hot water.

Normal wash loads

Add 30 - 50 mls of **BIO FRESH** per 8 - 10 kg dry weight of linen.

Extra dirty wash loads

Add 75-100 mls of **BIO FRESH** per 8 - 10 kg dry weight of linen.

Larger wash loads and commercial machines

Add at the rate approximately 3 - 5 ml per kg of dry weight of linen to be washed

For specific stain removal

B4 PREWASH SPOTTING SPRAY can be applied to the stain prior to putting the garment in the washing machine.

PACKAGING

5 Litre & 15 Litre containers.

IMPORTANT NOTICE TO CUSTOMER
