BOILER TREAT 2

Complete treatment for boilers.

DESCRIPTION

Boiler Treat 2 is an easy-to-use liquid boiler treatment that uses the most up to date technology. It produces high standards of internal boiler cleanliness which in turn leads to optimum heat transfer and operating efficiency.

PRODUCT SPECIFICATION

	Appearance:	thin brown liquid
Odour:	nil	
Specific gravity:	1.15	
pH (1:100):	12.6	
Flash point:	nil	

FEATURES AND BENEFITS

- Complete boiler treatment package in one product.
- Designed to provide maximum convenience in dosing. Product may be pumped straight from the container. No need for laborious mixing and dosing
- Prevents scale build-up and reduces fuel consumption
- Easy to test and control

USE DIRECTIONS

Best results are obtained when Boiler Treat 2 is dosed directly from container to the feedwater tank. Fine tuning of levels in boiler water are controlled by use of a dose pump and boiler feed water pump.

CHEMICAL CONTROL

Control limits are based on total dissolved solids, alkalinity and hardness. Test kits, training of boiler room staff and regular service by trained service representative is provided to all users of steam generating equipment operating on Boiler Treat 2.

CAUTION

Boiler Treat 2 contains caustic materials. Solutions of the product should be handled with care and direct contact should be avoided. It is recommended that operators should wear safety glasses and gloves when using the product.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. If swallowed, do NOT induce vomiting; give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

PACKAGES

20 litre cubes.

IMPORTANT NOTICE TO CUSTOMER

*Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product, which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.***
