

## **BOOM CLEAN**

### **MATERIAL & FUNCTION**

BOOM CLEAN is a blend of alkaline salts, ammonia, phosphates, metasilicates and non ionic surfactants to form a complete detergent to clean and assist in the flushing out of pesticides and herbicides from all agricultural spraying equipment.

BOOM CLEAN HAS MANY ADVANTAGES:-

- (a) Dissolves Residues,
- (b) Prevents Corrosion
- (c) Safe to use on all metals and plastic parts.
- (d) Lubricates pumps.
- (e) Cleans and disinfects.
- (f) Low foaming.

### **APPLICATION**

BOOM CLEAN IS VERY ECONOMICAL TO USE:

- (a) For cleaning Boom Sprays Dilute 1 litre of Boom Klen to 100 litres of water and flush 10 litres of this mixture through each nozzle.
- (b) Knapsacks - Mix 50 ml Boom Klen to 5 litres of water and flush through.
- (c) Aircraft - Mix 2.5 litres Boom Klen per 50 litres of water and flush through.
- (d) Orchard Sprays - Mix 3 litres Boom Klen per 100 litres of water and flush through system.

The addition of "Sodium Hypochlorite 12 1/2%" (approximately 2 litres to 100 litre mixture) may be required to assist in the removal of some sprays that are currently being used in the wheat belt areas.

### **CAUTION**

BOOM CLEAN Contains caustic. Avoid contact with skin and eyes. In case of contact flush immediately with water.

### **FIRST AID**

If poisoning occurs, contact a doctor. If swallowed do not induce vomiting, give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly.

### **PACKAGING**

5 & 15 litre plastic containers.
