CO SOLVE

MATERIAL & FUNCTION

CO SOLVE is a specialty solvent emulsion formulated as a laundering aid for use on grease or food stained garments.

APPEARANCE

CO SOLVE is a thin clear pink liquid.

APPLICATION

CO SOLVE is added to the break wash at the rate of 250mls per 50 kg wash load.

CO SOLVE is suited to cotton and linen fabrics and is especially recommended for polycotton blends. Some coloured items may tend to leak dye when new, so coloured fabrics should be washed separately from whites.

CAUTION

CO SOLVE should be stored away from near naked flames or ignition sources. Read the Material Safety Data Sheet for full safety information.

PACKAGING

20 Litre & 200 Litre drums

IMPORTANT NOTICE TO CUSTOMER

*Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.***
