DEGRO SOLVENT BASED DEGREASER

MATERIAL & FUNCTION

DEGRO is a highly active specialized compound designed for simple and easy removal of oil, grease, diesel and machinery grime residues in a variety of situations. Concentrated specialty surfactants together with the broad spectrum solvent system ensures rapid solubilisation of grease and instant and complete emulsification when washing with water follows application. DEGRO has also been formulated to completely emulsify when wash down is undertaken with salt water.

APPEARANCE

DEGRO is a water thin colourless liquid with a solvent odour.

APPLICATIONS

DEGRO finds application for degreasing automotive parts , engines , machinery etc wherever rapid removal of oil and grease buildup is required. Being salt water compatible DEGRO finds application for removal of oil , diesel and grease buildup in the bilge areas of commercial and leisure craft. DEGRO is also suitable for removal of grease and oil buildup on concrete floors found in engineering and automotive workshops.

DIRECTIONS FOR USE

Apply DEGRO by spray or brushing vigorously onto surface to be cleaned. If appropriate dip component into a bath of DEGRO. For heavy buildup some agitation or scrubbing with a stiff brush may be necessary. When grease or oil buildup has been dissolved wash down with water. The DEGRO together with the oil and grease will turn into a white emulsion, which will freely rinse from the surface, leaving a clean and grease free surface.

PACKAGING

20 Litre containers.

IMPORTANT NOTICE TO CUSTOMER

Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. ALWAYS TEST FIRST.
