ECLIPSE FABRIC SOFTENER

MATERIAL & FUNCTION

ECLIPSE is a highly concentrated liquid fabric softener specially formulated for softening clothes in industrial and institutional laundries. A low viscosity formula allows **ECLIPSE** to flow easily and be dosed by automated systems without blockages occurring in the feed lines.

ECLIPSE also has the added benefit of using biodegradable raw materials. **ECLIPSE** will leave fabrics with the feeling of a superior feel and softness as well as assisting in the reduction of static 'cling'.

ECLIPSE is suitable for use in meat export establishment laundries.

APPEARANCE

ECLIPSE is a light blue coloured liquid containing a fresh floral fragrance.

APPLICATION

ECLIPSE can be dosed manually or automatically into the wash load after the detergent rinse at a rate of 8 ml per kg dry weight of the clothing.

PACKAGING

15 Litre, 110 Litre, 120 Litre & 200 Litre containers.

IMPORTANT NOTICE TO CUSTOMER

*Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.***
