PROTECT HAND CLEANER

MATERIAL & FUNCTION

PROTECT is an odourless hand cleanser formulated for use where an efficient mild hand soap is specified. **PROTECT** is particularly suited for use in areas where food products are involved. **PROTECT** contains the broad spectrum bacteriostat, IRGASAN DP300 for the control of bacterial growth.

PROTECT is based on mild anionic surfactants and contains a skin conditioner to keep skin supple and reduce drying.

PROTECT is suitable for both cooked and raw food processing areas, RTE processing, and establishments such as Export Meat Abattoirs. It provides excellent hand sanitizing and can be used throughout the plant, including the killing floor.

APPEARANCE

A viscous pale red coloured liquid.

PACKAGING

8x800 mL dispenser pouch, 1L, 5L, 15L, 110L and 120L
Available as a 5 Litre disposable container complete with pump dispenser

ready to use so as to maximize sanitary integrity and minimize potential airborne microbial contamination. Throw away when emptied.

IMPORTANT NOTICE TO CUSTOMER

Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user.

ALWAYS TEST FIRST.
