DUAL KLEN

Chlorinated dairy detergent-sanitizer for milking machines

MATERIAL & FUNCTION

DUAL KLEN is a powdered, medium foaming chlorinated detergent designed for the daily removal of protein and butter fat from all milking machines and equipment.

DUAL KLEN is formulated as a hard water detergent sanitizer which will handle water hardness above 800 mg/Litre. It will quickly and easily dissolve and emulsify all soils, remove fats and protein, handle water hardness levels exceeding 800mg per Litre. It will quickly attack soils and the chlorine attacks protein and destroys the bacteria that may survive in hot water.

APPLICATION

Flush all lines with 10 litres of cold water containing 15mls of RINSA KLEN, immediately after milking. Dilute 10 grams of DUAL KLEN PLUS into 10 Litres of warm to hot water (60°C) using at least 5 litres of solution through each set of cups. Rinse machine and equipment thoroughly with hot water and then sanitize with IO KLEN / IO KLEN NO FOAM - 30 mls per 23 litres of cold water. Allow to drain thoroughly.

PACKAGING

15 & 25 Kilogram bags.

IMPORTANT NOTICE TO CUSTOMER
