## GRAFFITI CLEAN EA Solvent Cleaner

### MATERIAL & FUNCTION

**GRAFFITI CLEAN EA** is a special solvent cleaner used for rinsing and cleaning spray equipment used in the application of **GRAFFITI CLEAN G** and 205.

**GRAFFITI CLEAN EA** prevents resin build up and blockages in the equipment, preventing unnecessary maintenance.

### APPLICATION

**BEFORE SPRAYING** - Run 3 litres of **GRAFFITI CLEAN EA** through the equipment to be used and collect these rinsings in a separate container. This is done to remove any incompatible resins or solvents in the equipment so that your application of **GRAFFITI SHIELD G** or 205 will be as easy as possible.

**AFTER SPRAYING** - Using the 3 litre of **GRAFFITI CLEAN EA** from the pre-rinse, run this through the sprayer after application has finished to prevent resin build up. All rinsings should be disposed of in accordance with Local Regulations on solvent wastes.

### PACKAGING

20 litre drums.

### IMPORTANT NOTICE TO CUSTOMER

Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product which is proven defective. They cannot assume any risk or liability in excess of the purchase price of the product itself, which does not include labour or any consequential damages resulting from the use of this product. Determining the suitability of this product for any intended use shall be solely the responsibility of the user. **ALWAYS TEST FIRST.**
