HD CLEANER

CONTAINS 52.5 g/L POTASSIUM HYDROXIDE 20 g/L ALKALINE SALTS UN 1760, CORROSIVE LIQUID N.O.S. (POTASSIUM HYDROXIDE), HAZCHEM 2X, CLASS 8, PG II.

CORROSIVE 8

POISON
KEEP OUT OF REACH OF CHILDREN.
READ SAFETY DIRECTIONS BEFORE OPENING OR USING.

HD CLEANER
HEAVY DUTY CLEANER FOR MOST SURFACES

Environex International

Batch No: _____

HD CLEANER is a highly active alkaline caustic cleaner for degreasing and cleaning most types of hard surfaces where normal detergents are not applicable. **HD CLEANER** is great for removal of grease and grime stains caused by BBQs, car oils and the like.

DIRECTIONS FOR USE: **HD CLEANER** should be diluted in hot water at a rate of 20 ml-50 ml per litre of hot water, depending on the amount of soiling. Hot water should be used for best results.

Flood the affected area and allow to dwell for 2-3 minutes. Scrub vigorously with an Environex Eager Beaver to soften the build-up, mop off or remove with a wet vac. Rinse with Refresh and hot water before sealing.

Not to be used on polished surfaces. Always test a small area first. Wearing safety gloves, glasses and clothing is recommended.

MATERIAL & FUNCTION

HD CLEANER is a powerful water based degreaser detergent formulated for safe and effective removal of heavy grease and soil deposits encountered in kitchen, food preparation areas, plant, machinery and workshops. **HD CLEANER** has excellent foaming and cleaning characteristics. It is also ideally suited to cleaning heavy grease, diesel fumes and road grime from bbq's, truck engines and bodies.

APPLICATION

HD CLEANER is suitable for manual cleaning or for use through high-pressure water cleaning machines.

Better results are achieved by using warm or hot water.

General cleaning: Light duty 1:100 with water (1/2 cup to 10 litres of water)

Medium duty 1:50 parts water

Heavy duty 1:10 parts water

Pressure cleaning: Dilute 50/50 with water and then run through the pressure cleaner.

Use with care on painted surfaces and be sure to wash off promptly after application.

HD CLEANER is not recommended for aluminum or galvanized surfaces.

PACKAGING

1, 5, 15 & 200 Litre containers.
